## **UNIT-OWNERS COVERAGE A SPECIAL COVERAGE**

**FORM HO 00 06 ONLY**

### **SECTION I – PERILS INSURED AGAINST**

For Coverage **A**, the Perils Insured Against are deleted and replaced by the following:

#### **PERILS INSURED AGAINST**

1. We insure against risk of direct physical loss to property described in Coverage **A**.
2. We do not insure, however, for loss:

- a. Excluded under Section **I** – Exclusions;
- b. Involving collapse, except as provided in **D.8**. Collapse under Section **I** – Property Coverages.
- c. Caused by:

- (1) Freezing of a plumbing, heating, air conditioning or automatic fire protective sprinkler system or of a household appliance, or by discharge, leakage or overflow from within the system or appliance caused by freezing. This provision does not apply if you have used reasonable care to:

- (a) Maintain heat in the building; or
- (b) Shut off the water supply and drain all systems and appliances of water.

However, if the building is protected by an automatic fire protective sprinkler system, you must use reasonable care to continue the water supply and maintain heat in the building for coverage to apply.

For purposes of this provision a plumbing system or household appliance does not include a sump, sump pump or related equipment or a roof drain, gutter, downspout or similar fixtures or equipment;

- (2) Freezing, thawing, pressure or weight of water or ice, whether driven by wind or not, to a:
  - (a) Fence, pavement, patio or swimming pool;
  - (b) Footing, foundation, bulkhead, wall, or any other structure or device, that supports all or part of a building or other structure;

- (c) Retaining wall or bulkhead that does not support all or part of a building or other structure; or

- (d) Pier, wharf or dock;

- (3) Theft in or to a unit under construction, or of materials and supplies for use in the construction until the unit is finished and occupied;

- (4) Vandalism and malicious mischief, and any ensuing loss caused by any intentional and wrongful act committed in the course of the vandalism or malicious mischief, if the building containing the "residence premises" has been vacant for more than 60 consecutive days immediately before the loss. A building being constructed is not considered vacant;

- (5) Mold, fungus or wet rot. However, we do insure for loss caused by mold, fungus or wet rot that is hidden within the walls or ceilings or beneath the floors or above the ceilings of a structure if such loss results from the accidental discharge or overflow of water or steam from within:

- (a) A plumbing, heating, air conditioning or automatic fire protective sprinkler system, or a household appliance, on the "residence premises"; or
- (b) A storm drain, or water, steam or sewer pipes, off the "residence premises".

For the purpose of this provision, a plumbing system or household appliance does not include a sump, sump pump or related equipment or a roof drain, gutter, downspout or similar fixtures or equipment; or

- (6) Any of the following:

- (a) Wear and tear, marring, deterioration;
- (b) Mechanical breakdown, latent defect, inherent vice, or any quality in property that causes it to damage or destroy itself;

- (c) Smog, rust or other corrosion or dry rot;
- (d) Smoke from agricultural smudging or industrial operations;
- (e) Discharge, dispersal, seepage, migration, release or escape of pollutants unless the discharge, dispersal, seepage, migration, release or escape is itself caused by a Peril Insured Against named under Coverage **C** of this policy.  
Pollutants means any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acids, alkalis, chemicals and waste. Waste includes materials to be recycled, reconditioned or reclaimed;
- (f) Settling, shrinking, bulging or expansion, including resultant cracking, of bulkheads, pavements, patios, footings, foundations, walls, floors, roofs or ceilings;
- (g) Birds, vermin, rodents, or insects; or
- (h) Animals owned or kept by an "insured".

**Exception To c.(6)**

Unless the loss is otherwise excluded, we cover loss to property covered under Coverage **A** resulting from an accidental discharge or overflow of water or steam from within a:

- (i) Storm drain, or water, steam or sewer pipe, off the "residence premises"; or
- (ii) Plumbing, heating, air conditioning or automatic fire protective sprinkler system or household appliance on the "residence premises". This includes the cost to tear out and replace any part of a building, or other structure owned solely by you, at the location of the "residence premises", but only when necessary to repair the system or appliance. However, such tear out and replacement coverage only applies to other structures if the water or steam causes actual damage to a building owned solely by you at the location of the "residence premises".

We do not cover loss to the system or appliance from which this water or steam escaped.

For the purposes of this provision, a plumbing system or household appliance does not include a sump, sump pump or related equipment or a roof drain, gutter, down spout or similar fixtures or equipment.

Section **I** – Exclusion **3**. Water Damage, Paragraphs **a.** and **c.** that apply to surface water and water below the surface of the ground, do not apply to loss by water covered under **c.(5)** and **(6)** above.

Under **2.b.** and **c.** above, any ensuing loss to property described in Coverage **A** not precluded by any other provision in this policy is covered.

**SECTION I – EXCLUSIONS**

The following exclusions are added:

We do not insure for loss to property described in Coverage **A** caused by any of the following. However, any ensuing loss to property described in Coverage **A** not precluded by any other provision in this policy is covered.

1. Weather conditions. However, this exclusion only applies if weather conditions contribute in any way with a cause or event excluded in Section **I** – Exclusions, other than Exclusions **2.** and **3.** below, to produce the loss;
2. Acts or decisions, including the failure to act or decide, of any person, group, organization or governmental body; or
3. Faulty, inadequate or defective:
  - a. Planning, zoning, development, surveying, siting;
  - b. Design, specifications, workmanship, repair, construction, renovation, remodeling, grading, compaction;
  - c. Materials used in repair, construction, renovation or remodeling; or
  - d. Maintenance;
 

of part or all of any property whether on or off the "residence premises".

All other provisions of this policy apply.
